CDBG-R SUBMISSION TEMPLATE

& CHECKLIST

The American Recovery and Reinvestment Act of 2009 ("Recovery Act") was signed into law by President Obama on February 17, 2009. The Recovery Act awards \$1 billion in CDBG Recovery (CDBG-R) funds to be distributed to cities, counties, insular areas and states, of which \$10 million has been reserved by HUD for its administrative costs and \$10 million of which will be awarded to Indian tribes. Recipients of the remaining \$980 million of CDBG-R funds will be the approximately 1,200 jurisdictions that received CDBG funding in Fiscal Year 2008. This template sets forth the suggested format for grantees receiving funds from CDBG-R. A complete submission contains the information requested below, including:

- (1) The CDBG-R Substantial Amendment (template attached below)
- (2) Spreadsheet for Reporting Proposed CDBG-R Activities (see <http://www.hud.gov/recovery>)
- (3) Signed and Dated Certifications (see <http://www.hud.gov/recovery>)
- (4) Signed and Dated [SF-424](#).

Grantees should also attach a completed CDBG-R Substantial Amendment Checklist to ensure completeness and efficiency of review (attached below).

ENSURING RESPONSIBLE SPENDING OF RECOVERY ACT FUNDS

Funding available under the Recovery Act has clear purposes – to stimulate the economy through measures that modernize the Nation’s infrastructure, improve energy efficiency, and expand educational opportunities and access to health care. HUD strongly urges grantees to use CDBG-R funds for hard development costs associated with infrastructure activities that provide basic services to residents or activities that promote energy efficiency and conservation through rehabilitation or retrofitting of existing buildings. While the full range of CDBG activities is available to grantees, the Department strongly suggests that grantees incorporate consideration of the public perception of the intent of the Recovery Act in identifying and selecting projects for CDBG-R funding.

A. SPREADSHEET FOR REPORTING PROPOSED CDBG-R ACTIVITIES

Grantees must provide information concerning CDBG-R assisted activities in an electronic spreadsheet provided by HUD. The information that must be reported in the spreadsheet includes activity name, activity description, CDBG-R dollar amount budgeted, eligibility category, national objective citation, additional Recovery Act funds for the activity received from other programs, and total activity budget. An electronic copy of the spreadsheet and the format is available on HUD’s recovery website at <http://www.hud.gov/recovery>.

B. CDBG-R INFORMATION BY ACTIVITY (COMPLETE FOR EACH ACTIVITY)

- (1) Activity Name: (Grantees should follow the same order that activities are listed in the Spreadsheet for Reporting Proposed CDBG-R Activities – this will allow HUD to easily match activity narratives with the information provided in the spreadsheet.)

LCG, CDBG-R Public Works Street Reconstruction

- (2) Activity Narrative:

In addition to the Spreadsheet for Reporting Proposed CDBG-R Activities, grantees must provide a narrative for each activity describing how the use of the grantee's CDBG-R funds will meet the requirements of Title XII of Division A and Section 1602 of ARRA. The grantee's narrative must also state how CDBG-R funds will be used in a manner that maximizes job creation and economic benefit in relation to the CDBG-R funds obligated, and will address the Recovery Act, by:

- Preserving and creating jobs and promoting economic recovery;
- Assisting those most impacted by the recession;
- Providing investment needed to increase economic efficiency;
- Investing in transportation, environmental protection, or other infrastructure that will provide long-term economic benefits;
- Minimizing or avoiding reductions in essential services; or
- Fostering energy independence.

CDBG-R funds will be used to reconstruct 8,785' of streets in low/moderate-income residential areas. In compliance with CDBG-R regulations, this activity will create and/or preserve an estimated 15 jobs. Priority has been given to this activity due to its ability to meet the intentions of HUD's CDBG-R Program: 1) to comply with HUD's 120 day contract time frame; 2) to maximize the immediate creation/preservation of jobs that will benefit those impacted by the recession; and 3) its ability to meet CDBG-R's deadline regarding the use/obligation of at least 50% of the LCG's CDBG-R fund allocation before June 17, 2009.

None of the CDBG-R monies allocated to this project will be used for administration or public services. All of the CDBG-R monies allocated to this project will benefit low/moderate-income residents within the jurisdiction of the LCG.

The following table illustrates the funding proposed for CDBG-R low/moderate-income neighborhood street reconstruction:

(7) **Section 3.** The jurisdiction will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u), and implementing regulations at 24 CFR part 135.

(8) **Community development plan.** The jurisdiction certifies that the consolidated housing and community development plan identifies housing and community development needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the statute authorizing the CDBG program.

(9) **Following a plan.** The jurisdiction is following a current consolidated plan that has been approved by HUD.

(10) **Use of funds.** The jurisdiction has developed activities so as to give the maximum feasible priority to activities that will benefit low- and moderate-income families or aid in the prevention of slums or blight. Additional activities may be included that are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community where other financial resources are not available to meet such needs. It has complied with the following criteria:

1. **Maximum Feasible Priority.** With respect to activities expected to be assisted with CDBG-R funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);

2. **Special Assessments.** The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG-R funds by assessing any amount against properties owned and occupied by persons of low- and moderate-income, including any fee charged or assessment made as a condition of obtaining access to such public improvements. However, if CDBG-R funds are used to pay the proportion of a fee or assessment attributable to the capital costs of public improvements (assisted in part with CDBG-R funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG-R funds. The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG-R funds, unless CDBG-R funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG-R funds. In addition, with respect to properties owned and occupied by moderate-income (but not low-income) families, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG-R funds if the jurisdiction certifies that it lacks CDBG-R or CDBG funds to cover the assessment.

(15) **Compliance with ARRA.** The jurisdiction will comply with Title XII of Division A of the American Recovery and Reinvestment Act of 2009.

(16) **Project selection.** The jurisdiction will select projects to be funded, by giving priority to projects that can award contracts based on bids within 120 days from the date the funds are made available to the recipient, and that will ensure maximum job creation and economic benefit.

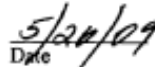

(17) **Timeliness of infrastructure investments.** When the jurisdiction uses CDBG-R funds for infrastructure investments, the grantee will give preference to quick-start and finish activities, including a goal to use at least 50 percent of the funds for activities within 120 days of enactment of the Recovery Act.

(18) **Buy American provision.** The jurisdiction will ensure that all iron, steel and manufactured goods used in construction, alteration, repair, or maintenance of a public building or public work project assisted with CDBG-R funds under the Recovery Act must be produced in the United States unless the Secretary finds that: (1) the requirement is inconsistent with public interest; (2) those goods are not reasonably available or produced in sufficient quantity in the U.S.; (3) or the use of the goods will increase the project cost by more than 25 percent.

(19) **Appropriate use of funds for infrastructure investments.** The Governor, mayor, or other chief executive, as appropriate certifies, that any infrastructure investments have received the full review and vetting required by law and that the chief executive accepts responsibility that the infrastructure investment is an appropriate use of taxpayer dollars. GENERAL

Summary of American Recovery and Reinvestment Act of (Recovery Act) 2009- Community Development Block Grant (CDBG-R)

The CDBG-R program is part of the Federal government's effort to stimulate the United States economy. CDBG-R allows local governments to undertake a wide range of activities intended to create suitable living environments, provide decent affordable housing, and create economic opportunities for low and moderate-income households. CDBG-R funded projects must be able to award contracts, based on bids, within 120 days of receiving a grant.

Objectives and Outcomes

The LCG will use federal entitlement funds to implement activities that address the following eligible activities under the CDBG-R program during PY08:

Please note: The following CDBG-R activity has been selected due to: 1) its existing need within low/moderate-income communities, and 2) its ability to comply with HUD's 120 day contract time frame.

Specific Community Development Objectives:

SL-1 (1): To provide a suitable living environment to low/moderate-income residential areas through improvements to streets. The LCG, Public Works Department proposes to reconstruct eleven (11) streets (8,785') within low/moderate-income neighborhoods. In accordance with the intent of the CDBG-R program, activities funded under this objective will create/preserve jobs within the jurisdiction of the LCG.

Funding:

Federal (CDBG-R PY08)	*\$440,016
-----------------------	------------

* This activity will only be funded through the CDBG-R grant. Infrastructure activities were removed from the LCG Consolidated Plan priorities due to decreased entitlement funding. The availability of CDBG-R funding has allowed the LCG, DCD address this need. When CDBG-R funding is discontinued, the LCG, DCD will once again classify infrastructure activities as a low priority in the Consolidated Plan (barring a considerable increase in LCG's annual CDBG entitlement funding).

The following table illustrates the funding proposed for low/moderate-income neighborhood street reconstruction:

Street Name	Condition	District	Estimated Cost
California St	2	4	\$21,951
Dorian Dr.	2	4	\$27,661
Essie St.	2	3	\$37,541
Forrest St.	1	4	\$25,714
Grimsby St.	2	4	\$33,774
Hopkins St.	1	3	\$8,776
Laura St.	2	4	\$17,353
Raggio Rd.	1	3	\$81,112
Refinery St.	1	4	\$13,240
